Subject: RE: For comms review: GenX draft statement

It was found in the Cape Fear River which is the source water for Wilmington, NC drinking water. Thus the GenX was found in the Cape Fear watershed.

John,

We haven't received any comments from R4 program staff to this point, probably won't.

Subject: For comms review: GenX draft statement
Importance: High

Here's what I came up with as a first shot at a statement to respond to the couple outstanding inquiries we have for GenX.

Linda, can you see whether your folks will want to address any next steps re the order in this statement? (Like whether we're reviewing, determining next steps, etc.)

I will share this with the OECA experts who are looped in on this—can others do the same? Since there are so many offices working on this, can each program office gather a single set of comments/edits and maybe then have this group reconvene (either via email or a call) in an hour or so?

Ex. 5 - Deliberative Process

Thanks,
John
